TINY HOUSE
ADDRESS

HI, WELCOME

JANOS TINY HOUSE

Nestled amidst the lush greenery and tranquil vibes of Siargao, my tiny house resthouse is a labor of love inspired by a desire for simplicity, connection, and immersion in nature. This intimate space was born from my dream of creating a sanctuary where guests can escape the noise of everyday life and embrace the serene beauty of the island.

Inspired by the minimalist lifestyle and the charm of small, thoughtfully designed spaces, I envisioned a tiny house that would offer a cozy yet comfortable retreat for those seeking peace and quiet. The design draws heavily from the island's natural surroundings, incorporating warm wooden elements, large windows that invite the outside in, and an open layout that maximizes both space and light. Each corner of the house is thoughtfully curated to provide a sense of calm, whether you're lounging on the porch with a book, enjoying a cup of local coffee, or waking up to the sound of birds and the gentle rustle of coconut trees. It's a place where you can unwind, recharge, and experience the authentic charm of Siargao, all while surrounded by the natural beauty that inspired its creation.
